4. New Business –

Patton talked about staffing changes in the library, as well as the purpose of the special meeting, evaluation and discussion of staff positions and job descriptions. Patton explained to the Board that the specialized positions were created when Waltner first became the director, but that there may be a need to change or adjust the positions to better fit the workflow of a small library.

Waltner provided the Board with an update on the current job classifications, as well as an adjusted classification structure moving forward. Waltner informed the Board that she would like to move away from specialists positions and to more general job titles. This generalization would encourage cross-training and collaboration among staff. Waltner provided a pros and cons list for the both classification systems.

The Board also discussed scheduling a Special Meeting on August 28th at 7pm to discuss several topics, including: personal leave, staff positions, and staff development plans.
